

## Watch Me

G-Unit

I got 'em watchin' me  
Look how I'm movin'  
I got 'em watchin' me  
Look what I'm doin' (hol' up now)  
They watchin' me  
I keep it movin'  
And since they watchin' me  
This how I'm doin'  
Rock and rollin' on 'em

100 bottles, give me every bottle in this bitch  
Where she at?  
I want every model in this bitch  
Blow the check, these hoes wanna know just who I am  
Takin' pictures, trynna do it for they Instagram  
Presidential Roley, bezel got them big boogers  
Fuck the home, shout-out to the real cooks  
Gold chains, couple Audemars and Cartiers  
We charter Lear's; these hoes know the party here

Blowin on that killa kill, neck on chilly-chill  
Baby, let me get a feel; show me that it's really real  
Bad bitch from Cashville, met her up in Club Liv  
Don't care who you man is, long as he ain't up in here  
Ain't nothin' changed, still the same ol' two-step  
I don't had some A-1 hoes, and a few Fs  
I done order bottles, 100 bottles and got two left  
Somebody got bust upside the head, G-Unit there

I got 'em watchin' me  
Look how I'm movin'  
I got 'em watchin' me  
Look what I'm doin' (hol' up now)  
They watchin' me  
I keep it movin'  
And since they watchin' me  
This how I'm doin'  
Rock and rollin' on 'em

Hol' up, I think I love these hoes  
A nigga trynna fuck 'em all  
I'm lit up in this bitch, ballin'  
I would blow it boy  
No suckers in my section  
Oh no, no, no, my shit legit  
You niggas get to flexin'  
Bitch and I will get ya hit  
I got a paper route  
A nigga gettin' plenty bread  
Oyster perpetual  
You niggas know what time it is  
Stance like a b-boy  
Just like a d-boy  
Yeah, I'm a g, boy  
You know it's me, boy

Uh, I think I'm gon' remain reclined and count

So many girls, it take a hour for me to shout 'em out  
The coupe foreign, the shit I hit been super borin'  
Dog, I'm sharp as hundreds with the blue tan on 'em  
Shit a phenomenon, I kept my promise  
Respect and honest, the grind bought off a neck of diamonds  
Shinin', plenty tried, don't got the timing  
Bet he out there island hopping  
And your lost still in the thousands

Bottles of Clicquot  
Smokin' hookah with eight hoes  
Five angel heads on my neck, all froze  
Enter visions, interpretations  
Watch with your ears  
I bought the last watch in the lear  
Ask Jacob, ask David, ask Eric the Jeweller  
Ask 'Beth in Jersey when I bought my first Muller  
I got 'em watchin' me  
With the yatch Master Rolly on  
In that new Rolls Royce with the top gone

I got 'em watchin' me  
Look how I'm movin'  
I got 'em watchin' me  
Look what I'm doin' (hol' up now)  
They watchin' me  
I keep it movin'  
And since they watchin' me  
This how I'm doin'  
Rock and rollin' on 'em
