

# Good Thing Good Time

Gabe Bondoc

Momma told me I should always be careful  
Daddy told me I should always be respectful  
Now I know I haven't always been  
Somebody you could put your trust in but  
I'm here to prove that I'm a brand new man for you

I've given up my old ways  
I've found myself a new place  
A place to try to build the life I gave away  
I don't remember why I gave it away

[Pre-Chorus:]

This is a brand new start  
I hope you see it in my heart  
That I know just who I am and what you are  
I know you are a good thing

[Chorus:]

You don't leave a good thing for a good time  
You don't scrap a whole song cause of one rhyme  
You lose it all you lose it all and you soon find  
That you don't leave a good thing for a good time

I was a man that I just couldn't be proud of  
So I traded a quiet and a stand in for some loud fun  
I broke a promise that I'd always be the kind of prince I know  
a princess needs but  
I'm here to prove that I'm a brand new man from you

[Pre-Chorus]

[Chorus]
