

Twitter Song

Gabe Bondoc

... So you're telling me...
There's a way to see...
... what anybody's doing at any given moment?

Well, prove it.
Let me see you do it.
... not that I don't believe...
I think I just need to see what it is...
... how it works.
This is cool, I see the perks!
Hey, I'm always in tune now!

Oh, I'm Twittering, I'm Twittering, wow!
Check your followers, I'm following you... starting now.
Oh, I'm Twittering, I'm Twittering, wow!
What else can I see?
I hope you're following me...

Man, everyone's on this!
I get the latest dish...
Shows that celebs are just people...
... with normal days, I guess.

Man, this is so much fun...
I follow everyone.
Kevjumba, Happyslip, Kina, David, Olivia Munn...

Oh, I'm Twittering, I'm Twittering, wow!
Check your followers, I'm following you... starting now.
Oh, I'm Twittering, I'm Twittering, wow!
What else can I see?
I hope you're following me...

Our generation has changed...
... the way we communicate.
A hundred and 40 characters to say what you'll say.
Screamed at the top of my lungs...
This way is more efficient...
... to show you what I'm doing.

I guess I'm always in tune now...

Oh, I'm Twittering, I'm Twittering, wow!
Check your followers, I'm following you... starting now.
Oh, I'm Twittering, I'm Twittering, wow!
What else can I see?
I hope you're following me...
