```
I took a trip to the mountains
I saw you trapped up in the cable way
I Prayed that you would fall
And come floating down to me, oh yeah
You fall free style
You down from the sky
Oh I Dve been waiting
I□ve been waiting
I say leap into my arms, babe
C□mon dive into my soul
C□mon jump into my heart, babe
C□mon dive into my soul
I say leap into my arms, babe
C□mon dive into my soul
C□mon jump into my bob-sled
C□mon dive into my soul
Does it have to start right now
When you where almost ready
When you where almost ready
To leap from the sky down to me
Throwing your future to the wind, fearless
Comon leap down from the sky
Down here by my side
Oh I Dve been waiting
You know I Dve been waiting
I say leap into my arms, babe
C□mon dive into my soul
C□mon jump into my heart, babe
C□mon dive into my soul
I say leap into my arms, babe
C□mon dive into my soul
C□mon jump into my bob-sled
C□mon dive into my soul
I say Don□t look back, lock back&
```

I say Don□t look back, lock back&
