Sit in the Blues

Gabriella Cilmi

Baby listen, everytime you asked me, I gave you my invitation for one night, But you never thought of me more then twice

Cause there ain't nothing that I could speak You give and you take then your done with me

I sit in the blues, waiting for you, who I'll never see There's never good news no not bout you Cause something don't feel right
There's nothing to choose I can't refuse my turn to try I guess I lose boy ain't that right

I'd hate to lie, my friend don't deny Cause what you see real even though you can't feel Count back from 5, 4, 3, 2, 1 times You'd say you'd drop by, but I'm a fool everytime

Cause there ain't nothing that I can speak You give and you take then you're done with me

I sit in the blues, waiting for you, who I never see There's never good news no not about you Cause something don't feel right
There's nothing to choose I can't refuse my turn to try I guess I lose boy ain't that right

The way I feel
And what I know
Cause I can't explain
What's going down
The way I feel
And what I know
Cause I can't explain why I can't let go
