

Hurt

Gabrielle Aplin

I shiver when you touch my skin,
And I know without asking,
You're right there where you wanna be,
You're right here in front of me
And you talk about travelling
Where we'll go and where we've been
But this scene you're building now,
All I see is it coming down, oh

You are so good,
I know that this is gonna hurt
I don't think we should
You know it's never gonna work
There's things that you can't see
You're way too close to me
This one is gonna hurt

Oh oh oh oh oh
This one is gonna hurt
Oh oh oh oh oh

You feel cold in the summer sun,
Leaves fall and the winter comes,
Why does it take us by surprise?
It's been the story all our lives, oh
The more you know, the less you learn,
What goes unsaid doesn't go unheard,
If only I could help us both,
Can't run away from where we're going

You are so good,
I know that this is gonna hurt
I, I don't think we should
You know it's never gonna work
There's things that you can't see
You're way too close to me
This one is gonna hurt

Oh oh oh oh oh
This one is gonna hurt
Oh oh oh oh oh

You are so good,
I know that this is gonna hurt
I don't think we should
I know it's never gonna work, oh

You are so good,
I know that this is gonna hurt
I don't think we should
You know it's never gonna work
There's things that you can't see
You're way too close to me
This one is gonna hurt

Oh oh oh oh oh
This one is gonna hurt

Oh oh oh oh oh
This one is gonna hurt
