

Skeleton

Gabrielle Aplin

What did you just say?
No, I heard you right the first time
I heard you right the first time
Are you trying to hurt me?
You know you're supposed to lie
When the truth is so unkind

It's like I'm looking right through you
There's nothing on your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter

The way it was
The rush of blood
You gave it all up
You're acting like it doesn't even matter
Like I don't even matter

I'm not gonna fight you
I don't want to win
And live through this again
I'm not going to love you
I don't know where to being
I don't know where to begin

It's like I'm looking right through you
There's nothing on your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter

The way it was
The rush of blood
You gave it all up
You're acting like it doesn't even matter
Like I don't even matter

Where will you go?
Who will you be?
Who will you hurt? (doesn't even matter)
Up in the clouds
You're gonna fall
Down in the dirt (doesn't even matter)
Take what you want
Take it from me
Give it to her (doesn't even matter)

There's nothing of us
Nothing at all
It's not gonna work
I'm not gonna love you

There's nothing on your skeleton
Your heart is gone
You're acting like it doesn't even matter
Like I don't even matter

The way it was
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter

There's nothing on your skeleton
Your heart is gone
Acting like it doesn't even matter
Like I don't even matter

The way it was
The rush of blood
You gave it all up
Acting like it doesn't even matter
Like I don't even matter
