

# Gonna Get Better

Gabrielle

We do what we do to try and get us through our darkest days  
A time in life that's not so bright  
And there will be days when we cry and we don't know why  
But you've gotta fight it, those days will pass you by

It's gonna get better, yeah yeah, yeah yeah  
Everybody knows there's brighter days, yeah yeah, yeah yeah  
It's gonna get better, yeah yeah, yeah yeah  
Live your life and take it day by day

Be positive in mind or you'll fail before you even try  
Sometimes it takes a helping hand  
To show you that life goes on, there's a brand new dawn  
When you're feeling down there's always a reason to hold on  
Tell yourself

It's gonna get better, yeah yeah, yeah yeah  
Everybody knows there's brighter days, yeah yeah, yeah yeah  
It's gonna get better, yeah yeah, yeah yeah  
Live your life and take it day by day

You gotta live your life 'cause life is for the living  
And you don't know if you'll get the chance again  
You gotta find a way to hold on, maybe faith will help you carry on  
Just fight it, take it in your stride, it's gonna be all right

Everybody knows there's brighter days  
Live your life and take it day by day  
Pick yourself up and start again, oh yeah

And maybe when you find yourself alone  
You'll have the time to gather all your thoughts  
And when you find you're not so strong  
You'll have the strength to carry on

And even when you find yourself in doubt  
You'll never lose sight of what your life's about  
And when you find you're losing faith  
You'll get the strength to help you

Tell yourself it's gonna get better  
Just tell yourself that it's gonna get better  
Tell yourself it's gonna get better  
Just tell yourself that it's gonna get better  
It's gonna get better, yeah yeah, yeah yeah
