

## My Butterfly

Gabry Ponte

Fly or never fly, across the sky fly forever fly my butterfly f  
ly or never fly,  
across the sky fly forever fly my butterfly everytime i close  
my eyes  
i can fly across the sky i spread my wings i feel fine i see m  
y world so blue  
and no doubts i'd seel my life for a dream come true  
live one day and then i'll die like a butterfly. I fly, i fly,  
i fly
