

## The Sentinel

Gadget

The splinted gate corrodes and breaks  
As of a thousand pieces  
It fades away, then becomes alive

Trapped within the fire  
Asphyxiate in data

It turns around to grip your spine  
With a stream of light  
Unsynchronized patterns, becomes nodality

The splinted gate corrodes and breaks  
As of a thousand peaces  
It fades away, then becomes alive...
