

# Heavy Metal Heart

Gaia Epicus

The night time has come  
The lights are out  
It's time to scream and shout

Once we go on  
And start to play a song  
We all know where we belong

It's time to go wild again,  
It's time to thrash all around

It's time to wake up again,  
To the loud and heavy sound

Heavy metal is in my heart and soul  
Heavy metal is in my blood  
Forever the music will live on  
Forever it carry's on

Heavy metal heart

We enter the stage  
Like a dog in a cage  
Waiting to be released

Grinding our teeth  
And we're banging our heads  
We all go insane tonight

It's time to go wild again,  
It's time to thrash all around

It's time to wake up again,  
To the loud and heavy sound

Heavy metal is in my heart and soul  
Heavy metal is in my blood  
Forever the music will live on  
Forever it carry's on

Heavy metal heart  
Heavy metal heart

Heavy metal heart  
(Heavy metal, Heavy metal heart)  
Heavy metal heart  
(Heavy metal, Heavy metal heart)  
Heavy metal heart  
(Heavy metal, Heavy metal heart)  
Heavy metal heart

Heavy metal is in my heart and soul  
Heavy metal is in my blood  
Forever the music will live on  
Forever it carry's on

Heavy metal is in my heart and soul

Heavy metal is in my blood  
Forever the music will live on  
Forever it carry's on
