Gaia Mesiah

We´re gonna fight over night  
You´re gonna see me in the dark  
Shining through the battlefield  
You see me flying above the ground

Rub my eyes to make it clear  
Now I can see my enemies  
Trapping me in empty fields  
(with my fellows all around)

Acting dirty deeds  
Danger to mankind  
I am a I am a  
I am a I am a

Tear down the veil I am a I am a

Once I will go (all through my life)  
I'm experienced and I'm tough  
I'm a warrior and I'm the threat  
But I'm nothing , nothing you can expect  
I am a I am a  
I am a I am a
