

Legulize Marihuana

Gaia Mesiah

I'm totally innocent
I just wanna spend my life
don't deserve your punishment
you can see my brother free
Don't you see

Follow me brother, follow me sister,
follow me people.

I was born like a slave
now I'm heading to my grave
tell me brother what they mean
maybe hear my frightened scream
but I definitely get high
legalize marijuana

I need the satisfaction
It's not my election
to be inside lies!
We're gonna take action
kick away direction
just tonight
legalize marijuana
legal lies about marijuana
stop the lies
legal lies
