

# A Picture Of Grace

Gaither Vocal Band

Picture a man with no reason for living  
With no hope of smiling again  
Imagine a world with no golden daybreak  
Enclosed by the blackness of sin

And the sea is bathed in beauty and glory  
Transformed by love's sweet embrace  
The hands of the Savior, erased all my sorrow  
And painted this picture of grace

How skillful the hands of the artist  
Who painted this picture of me  
He saw with the eyes of a master  
How beautiful my life could be

Where once was a portrait of gloom and despair  
This masterpiece hangs in it's place  
It's signed with his blood and it's framed with his glory  
This beautiful picture of grace

The ashes and ruin  
That once filled the picture  
Had vanished and faded from view  
And beautiful touches of mercy adorned  
This picture he painted anew

Such peace filled the eyes of the man he created  
A smile gently rests on his face  
Since Jesus erased all the guilt of my past  
And painted this picture of grace

How skillful the hands of the artist  
Who painted this picture of me  
He saw with the eye's of a master  
How beautiful my life could be

Where once was a portrait of gloom and despair  
This masterpiece hangs in it's place  
It's signed with his blood and it's framed with his glory  
This beautiful picture of grace
