

Love Can Turn The World

Gaither Vocal Band

We're as different as night and day
We're the same in different ways
And it's true, just look at me and you

We can change the way we are
The power lives inside our hearts
We can be anything we wanna be

If coal can turn to diamonds
And sand can turn to pearls
If a worm can turn into a butterfly
Then love can turn the world
Oh, love can turn the world

The God who made you made us all
Big and little, short and tall
And that's fine 'cause it takes all kinds

If He had made us all alike
It sure would be boring life
But He knew what little time could do

If coal can turn to diamonds
And sand can turn to pearls
If a worm can turn into a butterfly
Then love can turn the world
Oh, love can turn the world

If coal can turn to diamonds
And sand can turn to pearls
If a worm can turn into a butterfly
Then love can turn the world

Everybody sing it

If coal can turn to diamonds
And sand can turn to pearls
If a worm can turn into a butterfly
Then love can turn the world
Oh, love can turn

Coal into diamonds
And sand into pearls
If a worm can turn into a butterfly
Then love can turn the world
Oh, love can turn the world
