

## Please Forgive Me

Gaither Vocal Band

Forgive me, I'm so sorry  
Forgive me, I've been so wrong  
First I hurt You and drove You away  
Then pride kept me silent when I needed to say.

Forgive me, I'm so sorry  
I need You, I always will  
This hole in my heart Lord, only You can fill  
Forgive me, please take me home.

The trust that's been shattered  
Love can restore  
And time will heal  
Our broken heart.

Forgive me, I'm so sorry  
I love You, I need You so  
Moments are fragile, let's hold them close  
Forgive me, please take me home.

Forgive me, I'm so sorry  
Forgive me, I've been so wrong  
This hole in my heart Lord, only You can fill  
Forgive me, please take me home.

Forgive me.
