

Fear Not

Galactic Cowboys

Time to leave the craft, with all my strength I open up the hatch

Parts unknown between the twilight and the danger zone

Fear Not - No fear

Feelin' no pain - Fearless

Will be my name - Gonna walk

And I'm not gonna be afraid

Fear Not

Braced for a fall, believing whether I can see it all

Fly like a swan, take a leap into the boundaries of beyond

Fear Not - No fear

Feelin' no pain - Fearless

Will be my name - Gonna walk

And I'm not gonna be afraid

Fear Not

Black as coal, the darkness that infringes on my soul

Isolate, ask myself if only death awaits

Fear Not - No fear

Feelin' no pain - Fearless

Will be my name - Gonna walk

And I'm not gonna be afraid

Fear Not
