

## Don't Care

Galantis

Let's keep on pretending that we're nowhere  
Creating everything as we go  
Let's keep on going till we have no fair  
We're lost in the sky, we just don't care!  
Don't care, yeah don't care, yeah don't care  
Don't care, yeah don't care,  
We're lost in the sky, we just don't care!

We said we're not coming unless we get there  
Changing all of us as it grows  
Let's keep on going until it becomes clear  
We're lost in the sky, we just don't care!  
Don't care, yeah don't care, yeah don't care  
Don't care, yeah don't care,  
We're lost in the sky, we just don't care!

Let's keep on pretending that we're nowhere  
Creating everything as we go  
Let's keep on going till we have no fair  
We're lost in the sky, we just don't care!  
Don't care, yeah don't care, yeah don't care  
Don't care, yeah don't care,  
We're lost in the sky, we just don't care!

Don't care!  
Don't care!
