## **Don't Care**

Let's keep on pretending that we're nowhere Creating everything as we go Let's keep on going till we have no fair We're lost in the sky, we just don't care! Don't care, yeah don't care, yeah don't care Don't care, yeah don't care, We're lost in the sky, we just don't care!

We said we're not coming unless we get there Changing all of us as it grows Let's keep on going until it becomes clear We're lost in the sky, we just don't care! Don't care, yeah don't care, yeah don't care Don't care, yeah don't care, We're lost in the sky, we just don't care!

Let's keep on pretending that we're nowhere Creating everything as we go Let's keep on going till we have no fair We're lost in the sky, we just don't care! Don't care, yeah don't care, yeah don't care Don't care, yeah don't care, We're lost in the sky, we just don't care!

Don't care! Don't care!
