

Water

Galantis

Slow fall on this tree-house
The streets are bare
Bright lights in the windows
Slow fall on this tree-house
The streets are bare
Bright lights in the windows
I knock the stairs
And all of your silence, and all of your songs
I still hear the choir
But you are gone!

Can't go back
Can't fight this!
Oh, water water
Tears drops are falling my way
Oh, water water
See if you're calling my name
Ooh ooh oh, I see your light
In the water for all my life

I'm standing on my tiptoes,
I'm coming undone
You are my hero, when I was yours
We live but we never know
Lost in the wind,
A million candles just flickering

Can't go back
Can't fight this!
Oh, water water
Tears drops are falling my way
Oh, water water
See if you're calling my name
Ooh ooh oh, I see your light
In the water for all my life

You did hide
Let me lay down at your side
You are staying
To our soul confide to mine.

Oh, water water
Tears drops are falling my way
Oh, water water
See if you're calling my name
Ooh ooh oh, I see your light
In the water for all my life
