

## Another Day

Galaxie 500

I was your light  
To the [Incomprehensible]  
Why do you cry today  
Just because the sky is gray?

'Cause it's okay if everyday  
Is not the same way  
It's just another way  
That everyday is not the same

How can you see the sky  
When you close your eyes?  
How can you run away  
Just because the sky is gray?

'Cause it's okay if everyday  
Is not the same way  
It's just another way  
That everyday is not the same

'Cause it's okay if everyday  
Is not the same way  
It's just another way  
That everyday is not the same

'Cause it's okay if everyday  
Is not the same way  
It's just another way  
That everyday is not the same
