

I can never calm you down  
And I can never turn you around  
And I could never bring you flowers  
And I could never turn you around

I could be there when you're sleeping  
I could be inside your dreams  
And I can be there when you're sleeping  
And I can be inside your dreams  
Oh yeah I, oh yeah

Stand at the kitchen sink  
Feeling a plastic mood  
Buildings have gotta change  
Cause baby you're a lunatic

I could be there when you're sleeping  
I could be there in your dreams  
And I could be there when you're sleeping  
And I could be inside your dreams  
Oh yeah I, oh yeah

Stand at the kitchen sink  
Feeling a plastic mood  
Buildings have gotta change  
Cause baby you're a lunatic

I could be there when you're sleeping  
I could be there in your dreams  
And I could be there when you're sleeping  
And I could be inside your dreams  
Oh yeah I, oh yeah
