

Here She Comes Now

Galaxie 500

Now, if she ever comes now, now
If she ever comes now, now
If she ever comes now, now
Now, if she ever comes now, now
If she ever comes now, now
If she ever comes now, now

Oh, she looks so good
And oh, she's made out of wood
Just look and see
She's made out of wood
Just look and see now, now, now
Made out of wood now
