

# Tear Off Your Chain

Galneryus

I feel so good seeing you raise your hands  
And shake your body all night long  
Let me tell you something. That's our band  
Let's sing and dance all night long  
I can do magic of miracles  
I'll take you to the heaven  
I will give you blissful time  
You'll be lievened!

Are you tired of your life?  
Do you feel really so?  
You've met me now  
Do not think about the strange things  
But you make a racket and enjoy your night  
Just like me, shout as always  
"Power!" "Devour!" Ah----!

Let's make noise more and more  
You can forget your pain  
I can't wait anymore  
You don't need to refrain  
Let's make noise more and more  
It doesn't come again  
You must tear off your chain  
Shake your brain

Do you wanna explore the end of the time  
I'll take you to the heaven  
Oh, I will give you the blissful time  
You'll be livened!

You say "I don't like myself" Really so?  
You've met me now  
Do not think about the strange things  
But you make a racket and enjoy your night  
Just like me, shout as always  
"Stand Up!" "Get Up!" Ah----!!

Let's make noise more and more  
You can forget your pain  
I can't wait anymore  
You don't need to obtain  
Let's make noise more and more  
It doesn't come again  
You must tear off your chain  
Shake your brain
