

Ultimatum

Galneryus

Fed up! I don't wanna see your figure, never!
Liar! I cannot trust you and don't wanna talk
Break up! I don't wanna hear your words, forever!
Anger! You will be given a great mental shock

The rain comes on
It tears all off
Don't notice that
We'll reach a so sad ending
I'll tell you flat
I am running out of my time
I notice that

Get out my way
Don't need the memory
Is this love?
I was always hurt by you
Stand away
Nothing was good for me
Is this love?
I can't believe you anymore

Shut up! I don't understand your feelings, never!
Anger! You will be given a great mental shock

The storm comes on
Destroys all
Don't escape from here
We'll reach a so sad ending
But I'll fight fair
I'll have to start for a new place
I dare to go there

Take all away
Now I cannot calm down
Is this love?
I was always hurt by you
Fade away
You said "Don't let me down"
Is this love?
I can't believe you anymore, oh!

The rain comes on
It tears all off
Don't notice that
We'll reach a so sad ending
I'll tell you flat
I am running out of my time
I notice that

Get out my way
Don't need the memory
Is this love?
I was always hurt by you
Stand away
Nothing was good for me
Is this love?

I can't believe you anymore
Take all away
Now I cannot calm down
Is this love?
I was always hurt by you
Fade away
You said "Don't let me down"
Is this love?
I can't believe you anymore
Oh!!
