

# All of the Damned

Gamma Ray

One time in life is all I need, to satisfy my senses  
Delusions of reality are tearing your defenses

I never tried to catch the rainbow,  
But in the end I have a dream...

All of the damned will be wearing the crown  
It's hard to believe as your world's going down  
You won't understand why  
They served you so well  
You won't understand  
Why the hopeless are marching through hell

So all you see around you now  
Is falling down defenseless  
A free life is our only need, for life is only rented

I see a face on my mirror on the wall,  
And I don't know what it can be  
I see a face inside the rainbow  
At the end of the dream,  
The face in the rainbow is me

All of the damned will be wearing the crown  
It's hard to believe as your world turns around  
No, you won't understand why  
They served you so well  
It's hard to believe  
While the hopeless are marching through hell

I never thought I catch the rainbow  
But in the end it's all a dream  
I see a face in my mirror  
At the end of the dream  
The face in the mirror is me

'Cause all of the damned  
Will be wearing the crown  
It's hard to foresee  
As the world turns around  
No, you won't understand why  
They served you so well  
It's hard to believe  
While the hopeless are marching through hell
