

# Armageddon

Gamma Ray

Now all you sinners this is the prophecy  
the revelation of your own destiny  
you had a dream once  
A dream that you have sold  
and now my brother  
annihilation is foretold

Will you remember ancient times  
when we rode across the air  
when the day of judgement comes

and when your world is gonna blow  
through your heart and take your soul  
in th twilight of the sun

I believe there's no tomorrow  
when we all will sink in sorrow  
when the day of judgement finally comes

It's the end of the world as we know it  
and it's only just begun  
the eyes of the world are closin' forever  
when the day of the judgement will come  
won't you help me now

Now tell me mother earth  
oh, we went wrong  
in the heart of everyone  
do you remember how it had begun  
in the desert in the twilight of the sun  
all dead and gone  
can you heal me, I am not the only one  
can you feel me, I don't want to be undone  
I'm everyone

Save me from this living hell  
I don't wanna know another tale  
someone help me through this on the way  
hear me now

It's the end of the world as we know it  
and it's only just begun  
the eyes of the world are closin' forever  
when the day of the judgement will come  
won't you help me now

All gods creation is finally dead and gone  
our revelation, the day of the judgement comes  
forevermore I stand alone  
the final fury has begun  
when the day has come

Guardians of the monsters of the earth  
take our lives away  
and you forever will be crushed  
keepers of the darkness in this world  
we will not surrender to the evil of your birth

Hope will never die  
and the clear blue sunny sky  
will ease the pain  
guardians of the monsters of the earth

Lead us not into the temptation  
save us from the revelations

I stand alone, I stand alone  
I stand alone, inside my head

Noone can hear, noone can hear  
noone can hear, my little word  
holy father take me on your wings of love  
the eyes of the world are closin' forever  
when the day of the judgement has...

It's the end of the world as we know it  
the eyes of the world are closin' forever  
when the day of the judgement has come  
won't you help me now

now all your sinners  
this is the prophecy  
the revelation of your own destiny  
sleep well and dream on  
the dream that you have sold  
and now my brothers  
this world is slowly getting cold
