

# Heavy Metal Mania

Gamma Ray

Inside the power cage, I can feel the music of my age  
It's paranoid first degree, It's telling me that I'm not free.

I've got Heavy Metal Music in my blood,  
And I'd like to get it to you if I could.  
As I lie here in the fright of darkness, the wings of light remove the veil.

It's Heavy, Heavy, Heavy, Heavy, Heavy Metal Mania all the way.  
Rock and Roll was far too slow, and so the adrenaline just doesn't flow  
Where is the power, where is the glory, Heavy Metal is my story  
.

I've got Heavy Metal Music in my blood,  
And I'd like to get it to you if I could.  
As I lie here in the fright of darkness, the wings of light remove the veil.

I've got Heavy Metal Music in my blood,  
And I'd like to get it to you if I could.  
As I lie here in the fright of darkness, the wings of light remove the veil.
