

# To the Metal

Gamma Ray

Coming from the streets  
fists up in the air  
generating heat  
they come from everywhere  
Hail  
Fists are made of iron  
bodies made of steel  
dancing on a razor  
Metal is the deal  
Hail  
We came to feel the thunder  
the lightning and the heat  
we came to hail the metal gods  
banging to the beat  
singin  
Hail to the Metal, hail  
Singin Hail Heavy Metal, hail  
The power in the music  
arising in us all  
we re never gonna lose it  
we re proud and standing tall  
Hail  
I said hail  
If you just cannot feel it  
you ll never understand  
there s nothing s gonna beat it  
Metal rules the land  
Hail  
We came to feel the thunder  
the lightning and the heat  
we came to hail the metal gods  
banging to the beat  
singin  
Hail to the Metal, hail  
Singin Hail Heavy Metal, hail  
Hail  
Hail Heavy Metal, hail  
Hail Heavy Metal, hail  
Hail Heavy Metal, hail  
Hail to the Metal  
Heavy Metal  
Hail  
Hail to the Metal  
Heavy Metal  
All Hail  
Hail to the Metal  
Heavy Metal  
All Hail  
Hail to the Metal  
Heavy Metal  
All Hail  
Hail to the Metal  
Heavy Metal  
All Hail
