

2 Deep

Gang Starr

I'm 2 deep and yes much too complicated
my lines when stated are quite often underrated
so consider it a privilege to hear this
those weak-minded opinions could never come near this
for my outlook on life is a profound view
whil the suckers act down thinking that they sound new
only a few sound true
me and the crew know who
cuz you see me and the fellas have been waiting for a while now
giving you the time to get your wack-ass style down
you punks pop junk as if life is a fantasy
knowing that hard is something you can't be
so you front but you could never call my bluff
cuz you'll catch hell you'll get dealt with

I never sleep
I always peep
rhymes creep
I'm 2 Deep
I'm 2 Deep....
