

# Lovesick

Gang Starr

Strangely enough I've been struck  
Affected by her smile  
And yo, her style is worthwhile  
And knowing that I'm deep like a river  
I feel I should give her  
Things that those others can't deliver  
Contrary to what I had wished  
it seems that I've been dissed  
But hey, I don't want to miss this  
wonderful opportunity  
My boys they try schoolin' me  
But see I know what I want  
Someone who'll be there for the whole nine  
This honey is so fine  
But now she's hung up the line  
Upset because I told her I'm busy  
She made like a grizzly  
And started chewin' my head off  
Screamin' that I spend more time with friends  
And also, she said I ruined her weekend  
I said "I know the stuff we had planned  
but please understand  
Right now I'm loungin' with my man"  
I guess I didn't realize I'd hurt her  
She said I had the nerve to  
just neglect her like that  
Then she started bringing up past things  
and she kept asking  
how come our love isn't lasting  
I said, "Hey baby, please calm down  
cuz I'm still around  
and it's for you that my heart pounds  
Can I call you later on?  
You say I treat you wrong?  
But why you flippin' on me?"  
She said something else and then click  
Left me alone on the phone with the tone  
And now I'm lovesick

Relationships can grip with the pain  
Arguments in the crib, in the streets, on the train  
I'm crazy fed but then still  
When she ain't there I feel sad, I feel ill  
Frowning cuz I'm down in the dumps  
The other night I took her out  
so she could shake her rump  
But after we were there for a few  
Some girls that I knew  
Stepped up and asked me to come to  
a party they were havin' at their house  
I looked at my girl, and yo, she started walkin' out  
I said "Hey love, just wait for a second  
And won't you just check it?  
It's all a part of makin' records  
Those were just some friends in the business  
No need to get angry  
So listen up while I kick this

And what about the things we discussed  
about havin' trust?  
What's all this attitude stuff?  
Now hon, you know that I wouldn't play you  
But time after time, you let your jealousy sway you  
Hey don't you turn your back like that  
Come on, this is wack  
You're heated up like a thermostat"  
Then she stepped off in a whirlwind  
and I don't know when  
or if I'm gonna see her again  
I coulda sworn she was the right one to pick  
But now...man I'm just lovesick
