

## Speak Ya Clout

Gang Starr

Last year record companies were chumpin me  
But now like chicks they all be up on me  
and me so horny, I hit em like a groupie  
Snatch off my hat wash my dick and keep it movin  
Showing and proving on a day to day basis  
I rip New York and a million different places  
State to state country to country  
My skills are legend in the style of poetry  
I've paid my dues to this game word to mother  
Peace New York hops it gets no rougher  
Baby brother been puffing buddha and blunts since eighty-five  
Before the fake motherfuckers started perpetrating live, I've  
achieved mad props though niggaz roll around in jeeps  
I ride the A-Train and get mad beeps  
So when we bang bang boogie out jumps my boot knocks  
Chicks comes in flocks when D.R.S. rocks glocks  
And I mean it it's all done with the mind  
I neutralize suckers because I'm alkaline  
I could go on for days speaking bout my clout  
So Lil Dap snatch the mic and show the motherfucker out
