

# Beloved Freak

Garbage

You're not certain when you feel hurt  
Get violent when you deal  
With how the world drags you along  
You're not alone

And nothing good was ever free  
No one gets it, no one sees  
So here you stand beloved freak  
You're not alone  
You're not alone  
You're not alone

Sometimes we get so tired and weak  
We lose the sky beneath our feet  
You're not alone

Every comet throws an arc  
And scars our vision cross the dark  
When we're gone we will remain  
You're not alone

People lie and people steal  
They misinterpret how you feel  
And so we doubt and we conceal  
You're not alone

Don't worry for me  
Just think of yourself, think of yourself  
Don't worry for me  
Just think of yourself, think of yourself

When we're gone we will remain  
When we're gone we will remain  
When we're gone we will remain  
When we're gone we will remain

So here you stand beloved freak  
The world is at your feet  
Here you stand beloved freak  
The world is at your feet

This little light of mine  
I'm going to let it shine  
This little light of mine  
I'm going to let it shine  
This little light of mine  
I'm going to let it shine  
Let it shine, let it shine, let it shine.  
And so you stand beloved freak  
The world is lying at your feet  
Here you stand beloved freak  
Let it shine, let it shine, let it shine
