

# Enough Is Never Enough

## Garbage

Searching for fun, where do you go  
Got your leather boots on  
What do you know  
And they're playing garbage on the radio

Enter the dark, you wanna run  
Enter the night where nobody knows you

Where the boys are and everybody's high  
If enough is never enough and  
You're down at heart  
If the world is BEATING you down then  
Come with us  
If enough is never enough and  
You're down at heart  
If the world is getting you down then  
Come with us

Back to the bar  
Where the place is slamming  
All the pretty queens  
And the sluts are dancing  
And the conscience of politicians slide

All sweat and lust  
And filthy habits  
All the wanna-bes  
Hoping to sell their package  
At the carnival of lonely broken hearts

If enough is never enough and  
You're down at heart  
If the world is BEATING you down then  
Come with us  
If enough is never enough and  
You're down at heart  
If the world is getting you down then  
Come with us  
If enough is never enough and  
You're down at heart  
If the world is getting you down then  
Come with us

Come with us  
Come with us  
Come with us  
Come with us
