

Felt  
Sure you felt something  
Felt sure  
But it really was nothing  
You felt  
But you're only guessing

They're only feelings baby  
They're only feelings

Felt  
I'd left you hanging  
Felt sure  
I'd stopped myself caring  
You felt  
That I'd stopped believing

They're only feelings baby  
They're only feelings

What is real?  
Is real reason?  
What is real?  
Is real reason?  
What is real?  
Is real reason?  
What is real?

I still get you  
Do you still get me?

Felt  
My skin on your skin  
Felt sure  
Sensations like raining  
You felt  
No logical thinking

They're only feelings baby  
They're only feelings
