

# It's All Over But the Crying

Garbage

Everything you think you know baby  
Is wrong  
And everything you think you had baby  
Is gone

Certain things turn ugly when you think too hard  
And nagging little thoughts change into things you can't turn off  
Everything you think you know baby  
Is wrong

It's all over but the crying  
Fade to black I'm sick of trying  
Took too much and now I'm done  
It's all over but the crying

Do you really think I'm made of stone baby?  
C'mon!  
That we only love the things we own?  
Baby you're wrong

Certain things just happen when you make no plans  
And love can really tear you up and it can break you down  
Everything you think you know baby  
Is wrong

It's all over but the crying  
Fade to black I'm sick of trying  
Took too much and now I'm done  
It's all over but the crying

Baby we're done

If I could I would  
I'd change everything  
Cause I can't forget you though you don't believe me  
Now I can't walk back  
I can't leave behind  
Where does it go all the light that we had?

Everything you think you know baby  
Is wrong  
And everything you think you had baby  
Is gone

Baby we're done
