

Medication

Garbage

I don't need an education
I learnt all I need from you
They've got me on some medication
My point of balance was askew
It keeps my temperature from rising
My blood is pumping through my veins

Somebody get me out of here
I'm tearing at myself
Nobody gives a damn about me or anybody else

I wear myself out in the morning
You're asleep when I get home
Please don't call me self defending
You know it cuts me to the bone
And it's really not surprising
I hold a force I can't contain

And still you call me co-dependent
Somehow you lay the blame on me
And still you call me co-dependent
Somehow you lay the blame on me

Somebody get me out of here
I'm tearing at myself
I've got to make a point these days
To extricate myself

And still you call me co-dependent
Somehow you lay the blame on me
And still you call me co-dependent

Somehow you lay the blame on me (3x)
