I bit my tongue and stood in line With not much to believe in I bought into what I was sold And ended up with nothing

This is not my idea of a good time This is not my idea of a good time This is not my idea of a good time This is not my idea

You thought that I would never see What was meant for you was meant for me I was distracted at the time Forget about yours now what about mine

This is not my idea of a good time This is not my idea of a good time This is not my idea of a good time This is not my idea

You thought I was a little girl You thought I was a little mouse You thought you'd take me by surprise Now I'm here burning down your house

This is not my idea of a good time This is not my idea of a good time This is not my idea of a good time This is not my idea.
