## Sugar

Give me sugar Give me, something sweet I've spent a lifetime Feelin' incomplete If I sound bitter Or if I come too late Please reconsider I don't need much on my plate Just give me sugar

Don't come close, please keep at a distance, Look but don't touch till the light goes on Silence in line and please wait at the window Don't touch the glass till the curtain calls

Wait, wait… don't make me wait Wait, wait… don't make me wait Just give me sugar

Give me sugar Give me, something deep Don't make a habit Of crawling on my knees But this is different Can't you see I'm in control This is the moment Where all your dreams have flown Just give me sugar

Don't come close, please keep at a distance, Look but don't touch till the light goes on Silence in line and please wait at the window Don't touch the glass till the curtain calls

Wait, wait… don't make me wait Wait, wait… don't make me wait Just give me sugar

To hook her on Sugar to hook her on Some sugar to hook her on Sugar to hook her on

Oh won't someone love me Won't someone love me Oh won't someone love me Like you Like you Like you Like you Someone like you Garbage
