

# The Trick Is to Keep Breathing

Garbage

She's not the kind of girl  
Who likes to tell the world  
About the way she feels about herself  
She takes a little time in making up her mind  
She doesn't want to fight against the tide

And lately I'm not the only one  
I say never trust anyone

Always the one who has to drag her down  
Maybe you'll get what you want this time around

Can't bear to face the truth  
So sick he cannot move  
And when it hurts he takes it out on you

And lately I'm not the only one  
I say never trust anyone

Always the one who has to drag her down  
Maybe you'll get what you want this time around

The trick is to keep breathing (2x)

She knows the human heart  
And how to read the stars  
Now everything's about to fall apart  
I won't be the one who's going to let you down  
Maybe you'll get what you want this time around  
I won't be the one who's going to let you down  
Maybe you'll get what you want this time around

The trick is to keep breathing (7x)
