

## Mindless Domination

Gardenian

You're destroying everything  
Everything you touch  
When you are here in me  
This is how close you'll get  
with me, I'm like the criminal  
Insane with an urge of rage in me  
I shouldn't still be free

The voices in my head twist my mind groundly  
Paralyzed my fears of my own judgement

Not standing on my own controlled  
by a voice in my head  
Losing the control of life  
can't decide about my own visions of life  
So sickened of the lies

The voices in my head twist my mind groundly  
Paralyzed my fears of my own judgement  
Cause of what they say no matter what  
Still I hear their screams, terrified, afraid

Grow

A piece is getting sicker my mind is contaged  
Insane, prevailed

It could happen to us all in a day  
Falling down into my crypt  
The voices in my head will stay free

Voices!

The voices in my head twist my mind groundly  
Paralyzed my fears of my own judgement  
Cause of what they say no matter what  
Still I hear their screams, terrified, afraid
