

# Cloudline

Gareth Emery

Take me to your water and lay me on your shore  
Take me to your water and lay me on your shore  
Oooh...

I want to come in deeper but the water is so cold  
I want to come in deeper but the water is so cold  
Oooh...

Show me the high dive, so high up in the sky  
I'll jump up, I'll take flight - fall through the cloudline  
Show me the high dive, so high up in the sky  
I'll jump up, I'll take flight - fall through the cloudline  
Sailed out on the water and I can't see the shore

Sailed out on the water and I can't see the shore  
What I see is wider than it was ever was before  
And what I see is wider than it was ever was before

Show me the high dive, so high up in the sky  
I'll jump up, I'll take flight - fall through the cloudline  
Show me the high dive, so high up in the sky  
I'll jump up, I'll take flight - fall through the cloudline

Cloudline, cloudline  
Fall through the cloudline  
Cloudline, cloudline  
Fall through the cloudline  
Cloudline, cloudline  
Fall through the cloudline  
Cloudline, cloudline  
Fall through the cloudline
