

# Eye Of The Storm

Gareth Emery

Do you hear the sound  
Falling on this town  
We all know that it's the devil coming down  
And then the devil on your back  
All you can do is turn and run

When it rain it pours and it's pouring now  
And the rain is dragging me down down  
Got nowhere to go but if don't go then I'm done

I don't know if I'll make it there for life  
But I can't do anything but try

And it's cold here in the eye of the storm  
As we dance here let the rain fall  
And it's cold here in the eye of the storm  
As we dance nothing matter at all  
In the eye of the storm

There you'll stand this one  
Knowing that they're safe  
All I can do is look for her face  
And as I search the crowd  
No one hears me as I call her name

Look into the storm  
And I see her there  
Running to me trying not to fall  
I know the wings of the wind  
I can even hear her everywhere

I don't know if I'll make it there for life  
But I can't do anything but try

And it's cold here in the eye of the storm  
As we dance here let the rain fall  
And it's cold here in the eye of the storm  
As we dance nothing matter at all  
In the eye of the storm
