Million Years

Gareth Emery

I can't see my, see my way through the dark
You hide the night for me
As long as I can see the light in your eyes
There's nowhere I'd rather be
We walked all night through the shadows of light
And I carried your heart in my hands
Carried your heart in my hands
You promised me that we would never grow up
That was a lifetime ago
Before you had to go

Before you had to go

I'd go anywhere for you
I'd cross the sky for you
Wish I could fly to you
I will wait until the end
'Til I see you again
More than a million years

More than a million years

I can feel you, feel you here next to me
I'll keep you safe and sound
As long as you can hear the beat in my chest
I'll never let you down
We walked all night through the shadows of light
And I carried your heart in my hands
Carried your heart in my hands
I wanna keep you safe forever that way
Before your heart had to go
Before you had to go

Before you had to go

I'd go anywhere for you
I'd cross the sky for you
Wish I could fly to you
I will wait until the end
'Til I see you again
More than a million years

More than a million years
