

Save Me

Gareth Emery

Hide Behind
These Four Walls
Will they crumble, crumble down
Time to fight
Who we are
No where to run from, run from ourselves

So is this my, last breath
Am i going to make it?, make it through
Ready to fight
Yeah we are
I'll follow the flame into the night

So who, will save me?, save me
Who will bring me back?
From the darkness comes the light
I've been searching all my life
Singing who will save me?
Can you save me tonight?
Can you save me tonight?
Can you save me tonight?

So who, will save me?, save me
Who will bring me back?
From the darkness comes the light
I've been searching all my life
Singing who will save me?
Can you save me tonight?
Can you save me tonight?
Can you save me tonight?
Can you save me tonight?

So who, will save me?, save me
Who will bring me back?
From the darkness comes the light
I've been searching all my life
Singing who will save me?
Can you save me tonight?
