

Freak My Baby

Gareth Gates

Yeah
Oooooooh aaaaah
Yeah

Got a feeling that you want it
Simply by the way of looking
You're throwing me sideways glances all night long
Now you wanting my attention
Talking to me, lipsinking
I think I know what you thinking
Am I wrong?

That look in your eyes
Shows me what could be mine
Oohoo girl I feel it the beat inside
Tonight we'll dance like starcrossed lovers

When the party's jumpin' and the music's pumpin'
Make me wanna freak my baby
When the groove is hot, I don't wanna stop
I just wanna drive you crazy
You are the one, let's move it
'Cause you turn me on, like a loaded gun
Just wanna be the one
To freak my baby

(Gotta be there)

Is it my imagination
I swear that I could be dreaming
I never thought we could dance in perfect time
So now you've got my attention
Tell me where you wanna take this
'Cause I just wanna hold your body next to mine

That look in your eyes
Shows me what could be mine
Oohoo girl I feel the beat inside
Tonight we'll dance like starcrossed lovers

When the party's jumpin' and the music's pumpin'
Make me wanna freak my baby
When the groove is hot, I don't wanna stop
I just wanna drive you crazy
You are the one, let's move it
'Cause you turn me on, like a loaded gun
Just wanna be the one
To freak my baby

Freak, freak, freak my baby
Freak, freak, freak, baby
Freak, freak, my baby

That look in your eyes
Shows me what could be mine
Oohoo girl I feel the pain inside
Tonight, tonight

When the party's jumpin' and the music's pumpin'
Make me wanna freak my baby
When the groove is hot, I don't wanna stop
I just wanna drive you crazy
You are the one, let's move it
'Cause you turn me on, like a loaded gun
Just wanna be the one
To freak my baby
