

# Jordan And I

Gareth Gates

When I was 17,  
There was a girl,  
She had massive boobs,  
and hair that can curl.

Her name was Jordan,  
Jor-dan,  
Straight from my heart,  
Kinda right from the start.

I have to tell you her real name,  
Her real name's Katie Price,  
She was good in bed,  
We did it once not twice.

Her name was Jordan,  
Jor-dan,  
Straight from my heart,  
But right from the start,

I've told everyone my story,  
On a magazine called Heat,  
I feel i've made a "Stupid Mistake",  
Talking to them on a seat.

That was my story about Jordan,  
Jordan and I.
