Lost In You

Gareth Gates

```
I was hangin' on, losing creep,
My ship never made it across the sea
Lookin' for something
Was I the only one who couldn't see
Playin' tough wasn't going to save me
It's easy to bring me down, to crush me
To pull me underground...
I've been runnin' runnin'
But I always end up here
Back to where u're standing
That's where everything gets clear
I only find myself when I'm lost in you, lost in you...

When I fall apart at the dreams
And it seems I'm stocked on an open road
Driving me nowhere
You're the only one who believed
When everything comes crushin' on me, it's crazy
You bring me donw, you save me
You turn my life around...

I've been runnin' runnin'
But I always end up here
Back to where u're standing
That's where everything gets clear..
I only find myself, the only thing that's true
Is there is nothing else when I'm lost in you...

Was I the only one who couldn't see
Playing tough wasn't going to save me
It's easy to bring me down, to crush me
To pull me underground...

I've been runnin' runnin'
But I always end up here
Back to where you're standing
That's where everuthing gets clear
I'm chasing nothing, you're my only good idea,
I only find myself when I'm lost in you...
