

She Gets Me

Gary Allan

This life I choose
Its always been hard
Lots of tattoos and scars
and broken hearts
And a woman's love, aint been hard for me to find,
But keepin' one's tough, when your gone all the time.
I aint no easy man to understand,
Thank God she can;

And she gets me,
Yeah she gets me,
And she takes me just the way the good Lord made me,
All the faults that I can't hide,
This wild and crazy rock and roll life,
She knows won't ever set me free,
Well, she's the only woman I need,
Yeah she gets me (2x)

I aint no nine to five
I aint no forty hour week
I know Im always chasing rainbows that she can't see
I know im hard to love, and thats why I pray,
That God will give her patients and the strength to stay,
Cause I know I aint no easy man to understand,
Thank God she can;

And she gets me,
Yeah she gets me,
And she takes me just the way the good Lord made me,
All the faults that I can't hide,
This wild and crazy rock and roll life,
She knows won't ever set me free,
Well, she's the only woman I need,
Yeah she gets me (2x)

All the faults that I can't hide,
This wild and crazy rock and roll life,
She know's wont ever sets me free,
Yeah she's the only woman I need,
Yeah she gets me (2x)
