

# Looking For Change

Gary Barlow

## Verse 1

We're all here for one reason,  
Yes I think you can feel it too,  
The past won't tell us what the future can bring,  
It is worth a fight, whether wrong or right

## Verse 2

Join hands and sing out your heart,  
Reach for every corner of this world,  
Our message has so much emotional feeling

Stand be heard, believe in every word

## Chorus 2

We're all looking for change,  
Life we hold in our hands,  
You can help turn a page,  
Let's work it out together,  
'cause we're all looking for change

## Verse 3

Some people ask what's the meaning,  
I tell them we have this cause we believe in,  
Sometimes they laugh and say that they have no time,  
But soon they'll feel the fool when they sing this too

## Chorus 3

We're all looking for change,  
Life we hold in our hands,  
You can help turn a page,  
Let's work it out together,  
'cause we're all looking for change

## Chorus 4

We're all looking for change,  
Life we hold in our hands,  
You can help turn a page,  
Let's work it out together,  
'cause we're all looking for change
